Eric and Bill,

The LDCC meeting tomorrow will be denser than even our usual discussion. Below the signature line are the items that would be of most interest to you and/or would be most likely to benefit from your input. The three issues most likely to draw debate are:

- **Redacted**
- Increase in approval authority to [REDACTED] without LDCC approval
- Facebook update (only because John always digs into this)

**REDACTED - PRIVILEGED**

The VP+ Big Bang slides for use in the Executive Session are attached for your reference. I will have them as handouts at the LDCC and the full sessions, though we'll wait with distribution until OC members have left the room. Shona and I plan to remain for the beginning of the Executive Session to present the slides and answer any questions, and then can excuse ourselves so you may discuss privately.

Note that [REDACTED] We'll be sure to communicate the details to them in advance.

Thanks to Bill and Shona for the pre-discussion about Big Bang and equity grant changes with Paul and John, which will make tomorrow flow much more smoothly!

Best,  
Laszlo
